

YOUR #1 CHOICE FOR COMPRESSED GAS CYLINDER COMPONENTS

American Cap Company is the world's leading manufacturer of compressed gas cylinder components. For 29 years we have provided cylinder caps, collars, flanges, foot rings, lids, neck rings and other components to insure the safety of Industrial, LPG, CNG and Specialized Gas cylinders. We take pride in serving our customers Worldwide.

TANK COLLAR

PRODUCT USE:

Like its counter part the Tank Lid, the collar also provides safety and protection from nature and the outside environment to suppliers of propane, LPG, and natural gas. This combination provides easy access to the valve for filling and hookup as required.

KEY FEATURES:

- Manufactured from durable steel
- Allows easy access to the valve through the side openings and top (if no lid is attached)
- Securely welded to the tank
- Protects the valve from damage.

OPTIONS:

Available in custom powder coat

Collars are available in custom sizes.

Customized with or without hinges

Apr-2017
